**OUR VISION AND MISSION:**

The Northwood Appold Community Academy (NACA) is a public charter school committed to “preparing students to make a living and a life. We want our students to “navigate the life journey effectively and with integrity.” More specifically, NACA’s mission is to cultivate -- with regularity and predictability -- young people who are proficient relative to academic achievement and intellectual skills; and who are advanced, constructive and healthy relative to character development. Our consistent intent and commitment is to send into the world young people who are prepared to excel, serve, and make the world a better place; and who, ultimately, become leaders in society. Our rigorous, innovative, unique, “Freedom and Democracy (F&D) Curriculum” is a pivotal part of NACA. It involves active, interlocking partnerships between parents, students, teachers, administrators, civic structures, social leaders, business leaders, and political leaders. Our constant guiding goal involves launching into the world young people who are equipped to make a living, empowered to make a life; and positioned to participate fully in freedom and democracy.
